CAREER SUMMARY:

Passionate Software Developer with 1 year and 8 months of experience in building scalable backend systems using **Python**, **Django**, and **Machine Learning (ML)**. Skilled in **frontend development** and experienced in applying **Generative AI**, **Large Language Models (LLMs)**, and **natural language processing (NLP)** techniques to derive data-driven insights. Proficient in **AI chatbot optimization**, **prompt engineering**, and enhancing **chatbot performance**. Applied knowledge of **Agentic AI flow** to improve autonomous decision-making processes and enhance system efficiency.

TECHNICAL SKILLS:

- **Frontend:** HTML, CSS, JavaScript, React JS, Tailwind CSS, Bootstrap
- **Backend:** Python, Django, Fast API
- **Databases:** Microsoft SQL
- **Development Tools:** VS Code, Colab, Cursor
- **Version Control:** Git, GitHub, Repository Management
- **AI & ML:** LLM prompt tuning, AI chatbot development, model evaluation, RAG architecture, data preprocessing, visualization and agent ai flow.

WORK EXPERIENCE:

Trainee Consultant – Enterprise Softlabs Pvt. Limited Onsite

– Hyderabad, India | **June 2023 – Oct 2024**

- Developed **frontend interfaces** for enhanced user experience and engagement.
- Built and maintained **scalable backend systems** using Python & Django.
- Integrated **ML models** for Warehouse Management Systems (WMS), optimizing inventory prediction and demand forecasting.
- Utilized **MS SQL** for efficient data storage, retrieval, and advanced SQL development.
- Created and deployed **AI chatbot for website** to enhance user interaction and engagement.
- Collaborated with cross-functional teams to align development with project goals while continuously exploring new technologies.

Freelance Backend Engineer, AI Research and Development– Neurozai

Remote | **Dec 2024 – Feb 2025**

- Worked on **Medozai Project**, focusing on AI-driven solutions for automation and efficiency.
- Developed **AI Scribe** in Streamlit to convert .wav audio files into **SOAP notes** for medical documentation.
- Created a **Restaurant Chatbot** to enhance customer interactions with AI-driven responses.

- Implemented **Streaming LLM responses, Noise Reduction, and WebRTC VAD** for improved speech processing.
- Built **Dynamic Tool Invocation** to enhance AI functionalities based on user input.
- Optimized **LLM performance** by fine-tuning prompts and conducting model evaluations.

PROJECTS:

Txenia:

- Developed an AI-powered platform for **seamless data integration** and **business problem-solving**.
- Built **frontend interfaces** and **backend services** to enhance user experience and system performance.
- Implemented **model selection** for users to choose pre-built AI models based on specific needs.
- Integrated the **Multi-Functional Chatbot Suite**, which allows users to interact with PDFs, extract web content, and perform multilingual translations, enhancing AI-driven workflows.
- Assisted in **training and deployment** of models, streamlining AI solutions.

Medozai:

- **Designed and deployed** AI-powered automation tools, **improving user interaction and workflow efficiency**.
- AI Scribe: **Developed an AI-driven transcription tool that converts .wav audio files into SOAP notes, enhancing medical documentation**.
- Restaurant Chatbot: **Created an AI-powered virtual assistant to handle customer queries, menu assistance, and real-time interactions**.
- **Enhanced** conversational AI **with** Streaming LLM responses, Noise Reduction, and WebRTC VAD **for better speech processing**.
- **Implemented** Dynamic Tool Invocation & LLM evaluation **to improve AI usability and performance**.

KEY STRENGTHS:

- Strong problem-solving and analytical skills.
- Proven ability to optimize AI & ML solutions.
- Effective cross-functional collaboration.
- Passion for **AI-driven innovations**.

CERTIFICATIONS:

- **HTML & CSS:** Proficient in responsive, semantic UI design
- **JavaScript :** Interactive UI development.
- **Python:** Scalable backend development
- **SQL & Data Management:** Experience with **MSSQL**

EDUCATION:

BSC, Computer Science (MPCS)

VSM College of Engineering (AKNU Affiliated).

Graduated Sep 2022

7.5 CGPA
